

How to fold your Pocket Mod

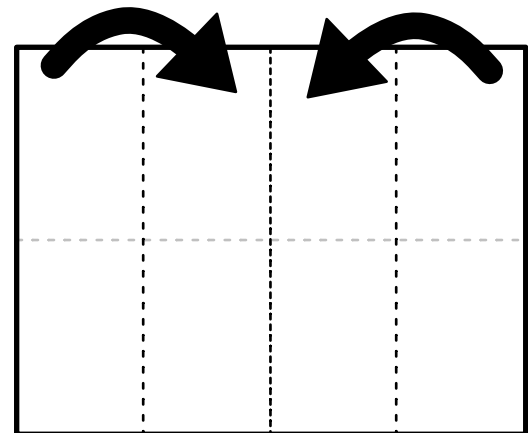

Step 1

Fold the page in half along the long side

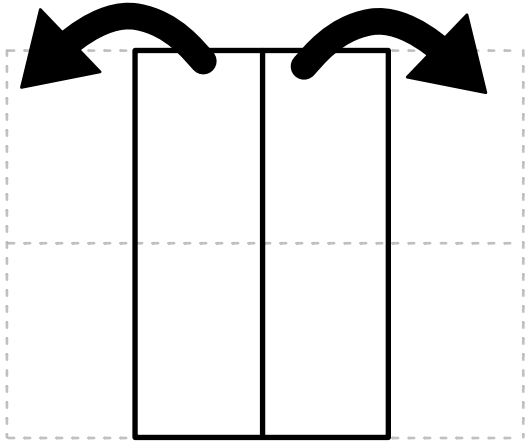

Step 2

Unfold the sheet. You now have a fold line in the middle of the page

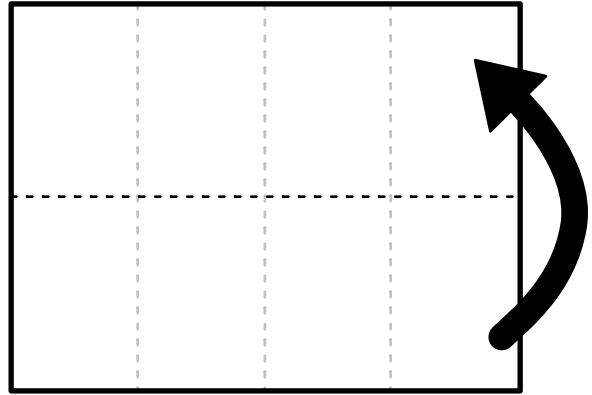

Step 3

Fold the sides to the middle to get 3 fold lines along the sheet

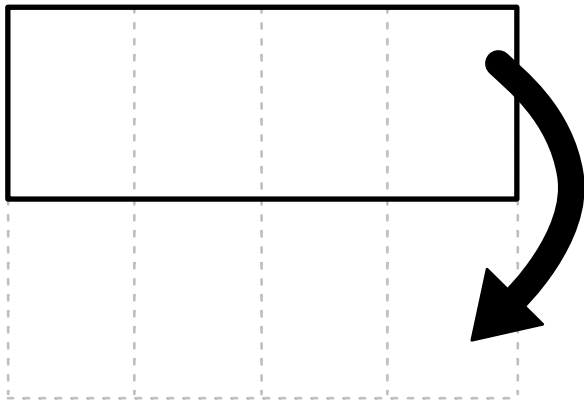

Step 4

Unfold the page fully

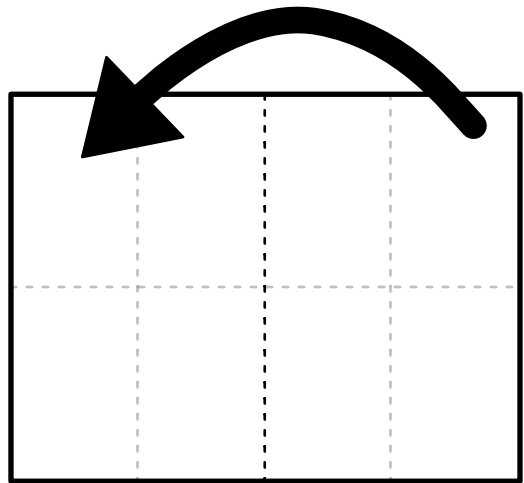

Step 5

Fold the page in half along the short side

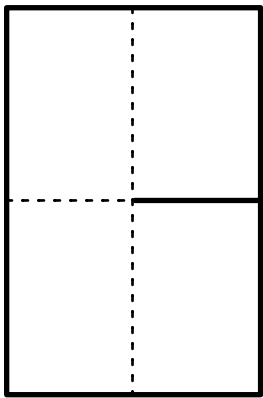

Step 6

Unfold the page fully

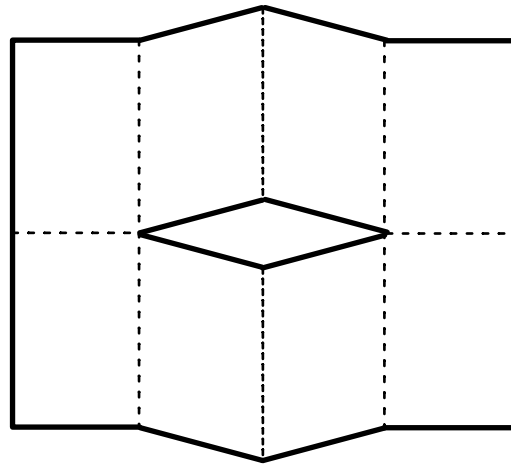

Step 7

Fold the page in half along the long side again

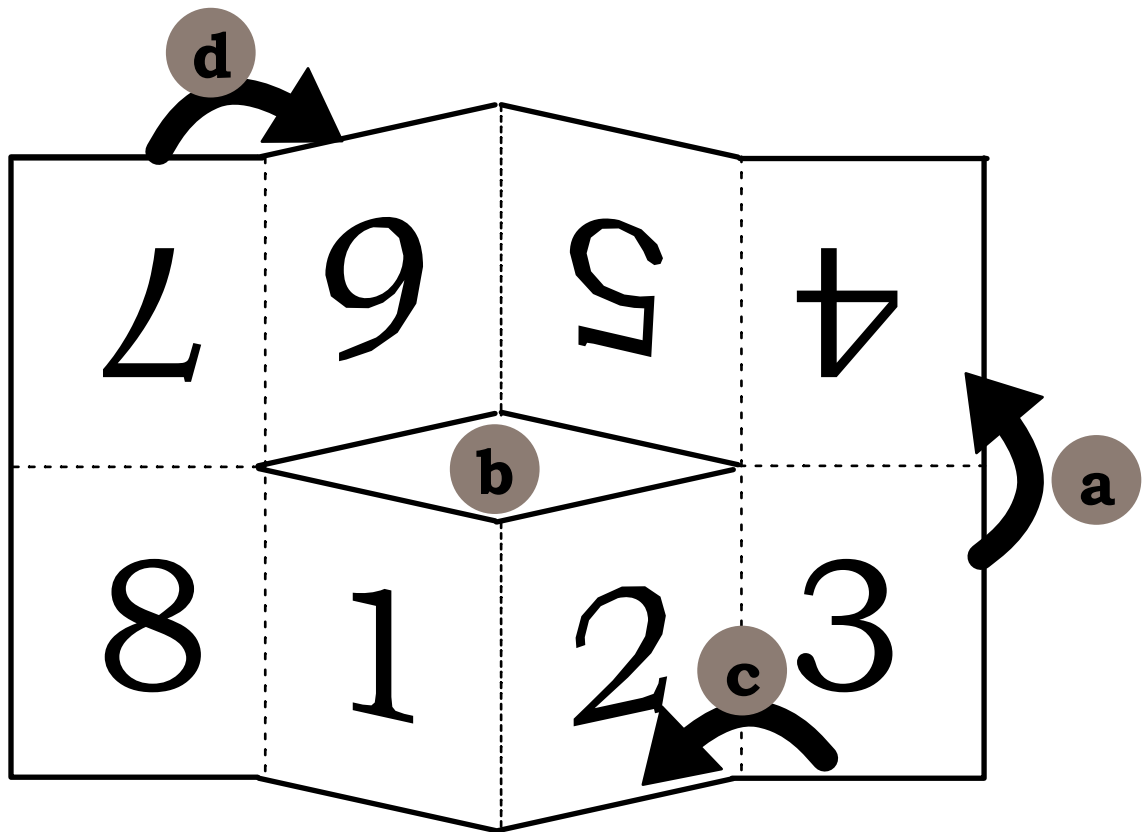

Step 8

Cut along the middle line to the first vertical line

Step 9

Unfold the sheet

Step 10

Fold the book

- a - fold along the longest fold
- b - pinch the center pages out so pages 1&2 are back to back, repeat with pages 5&6
- c - fold the pages so the faces of pages 2&3 meet
- d - fold the pages so the faces of pages 6&7 meet
